2 B. J.			Highways to be advised
	3. Pedestrian routes (footpaths /footways)		
Promote Walking and cycling to school.  School/college consultation			_
Footpath/cycleway from Latchbrook Initial talks with highways roundabout to Trematon alongside A38 to			initiai taiks with nighways
Trematon junction.	_		
New footpath from Wearde to Coombe.  To link Churchtown Farm with the Town center  CC environmental services	•	To link Churchtown Farm with the Town center	CC environmental services
New footway from Salt Mill to China Fleet  Link with Bridal Way 9 Pill to Waitrose  Cc environmental services  Cornwall highways	·		
entrance.	•	Link with bridge way 5 i in to waiti 036	Comwan ingriways

Recommend footpath from Tamar Bridge slip road to Celtic Cross (ref Equalities Act). OTHER ISSUES:		Tamar Bridge Joint committee
Ensure all major developments incorporate well-lit pedestrian and cycle paths with links to cycle ways and roads on the site's boundaries.	Ensure all major developments provide safe access to schools: footpaths/transport links to be provided early in the development.	Ensure pedestrian/cycle routes connect to work places.
4. Traffic through town centre		
	Traffic regulation orders on street parking reduced from 1 hour to 30 minutes.	Aim to provide adequate parking for town centre users essential.
5. Cycle routes	Cycle routes circling Saltash with spokes to town centre hub at Leisure Centre. Ref cycle route map. Footpath/cycleway from Latchbrook exit to A38 to Trematon village	£1m govt funded scheme agreed. Route to run through Broadmoor Farm.
	(see pedestrian routes above). Circular cycle/footway extended along the waterside from Brunel Green to Saltmill. Boardwalk and town center.	Integrate with new acceleration lane
		CC to negotiate with Duchy for water
	Ensure pedestrian/cycle routes connect to work places.	rights
	Central cycle hub at Saltmill with connection to town centre.  Electric vehicles charging points.	
Central Cycle Park		
6. Infrastructure:		Negotiation with Groundwork
Assisted passage from waterfront to town	Lift from Ashtorre area up to:	Feasibility studies: 1) underway;
centre	1)Tamar Bridge with walkway attached under bridge, leading to Lower Fore Street below Guildhall or	potential heritage listing problem but spectacular views from walkway and
	2) Royal Albert Bridge with walkway attached to pillars leading to down platform at station.	advantage of getting visitors direct from station down to waterfront (i.e. no parking issues).
7. Water transport	Water taxi service to Plymouth (Royal William Yard & Mount Edgecumbe).	Discussions going on with PCC t Mount Edgecumbe Joint committee
